

We are looking for an experienced HVAC Service Technician to join our team of passionate service providers!

Responsibilities:

- Install new heating, ventilation, and air conditioning systems
- Provide HVAC services with the specific responsibility for identifying repair and /or replacement needs; installing, repairing, maintaining and upgrading commercial HVAC systems and equipment; and ensuring that tools and materials are available.
- Inspect and perform mechanical equipment repairs and replacements
- Perform routine preventative maintenance
- Respond to emergency maintenance requests
- Adhere to all safety policies and procedures
- Diagnoses causes of problems and/or failures in heating/air conditioning systems for the purpose of identifying equipment and/or systems repair and/or replacement needs.
- Informs personnel regarding procedures and/or status of work orders for the purpose of providing information for making decisions and taking appropriate action.
- Inspects HVAC systems and their components (e.g. heating units, building exhaust fans, ventilation units, etc.) for the purpose of evaluating condition, identifying necessary repairs and recommending preventive maintenance.
- Maintains vehicle, tools and equipment for the purpose of ensuring availability in safe operating condition.
- Performs routine and preventive maintenance as needed for the purpose of ensuring the ongoing functioning of HVAC systems.
- Responds to emergency situations during or after hours for the purpose of resolving immediate safety concerns.
- Prepares written materials (e.g. repair status, activity logs, etc.) for the purpose of documenting activities and/or conveying information.

Qualifications:

- Previous experience in commercial HVAC or other related fields
- Familiarity with HVAC wiring diagrams
- Ability to handle physical workload
- Strong problem solving and critical thinking skills
- Ability to troubleshoot, mechanical and diagnostic skills.
- Maintenance experience with DX systems, heat pumps, air handling units, chillers, boilers, pumps, and other mechanical equipment.

Our core focus is to add value to the lives of others. We welcome challenges and remain eager to solve problems. The majority of our customers have worked with us for 15 years or more.
